NEW!

Solcart Cartridge Holder

Significant changes have been made to the Solcart® (bicarbonate) cartridge holder. These changes have been made to further simplify and improve the user handling of Solcart. For ordering information, contact Customer Service, or your local Sales Specialist.

B. Braun Medical Inc. is gearing up to announce a new product!

Xevonta is a new class of dialyzer designed to improve dialysis patient outcomes. With great toxin clearances and comparable albumin retention, Xevonta boasts results which few dialyzers of the same class size can attain.

Xevonta has FDA approval and is available in the U.S. market beginning mid-September, 2016.

For more information, contact Customer Service, your local B. Braun Renal Therapies Sales Specialist, or [read our latest press release](#).

Xevonta – New Dialyzer !

Did You Know? Clinical Reference Guides

Did you know that you have access to a library of clinical quick references related to the Dialog+ HD machine? Did you know that these files are often updated to suit your most current needs ?

B. Braun Medical has clinical information available for your convenience. Our quick reference guides are clinical tools available, and openly accessible on the clinical web page. Please visit us at www.BBraunUSA.com/Clinical, and select the "More Info" tab to view the files available to you.

NEW!

Tubing Extractor

Tubing extractor is now available to order for the Dialog Hemodialysis System. More information can be found in the [Service Portal](#) for ordering information.

AQUAboss Video

Discover benefits of the AQUAboss; the in-center dialysis water purification system which enables efficient monitoring, cheaper disinfection methods, and high outcome standards readily achievable in dialysis clinical practice. AQUAboss has an in-series Double Stage RO System; an advancement in water treatment technology which refocuses attention on water quality and adverse patient outcomes. The signature design of a Dead-Space free blueprint eliminates risk of biofilm contamination throughout the water treatment system.

For more information, contact Customer Service, or your local Sales Specialist. Also visit us on-line at www.BBraunUSA.com/aquaboss
