IV Solutions, Pre-Mixed Drugs, and Irrigation Solutions
Whatever your patients’ needs, B. Braun offers a broad range of IV Solutions, Pre-Mixed Drugs, and Irrigation Solutions in containers not made with PVC, DEHP, or natural rubber latex.

More than three decades ago, B. Braun recognized the patient and environmental risks posed by products containing PVC and DEHP. Medical devices containing these chemicals pose potential health hazards to patients and to the environment during waste disposal. As a result, B. Braun was one of the first medical device manufacturers to remove these harmful substances from many of its products, and continues to lead the way in offering a full line of IV Solutions, Pre-Mixed Drugs, and Irrigation Solutions containers that are manufactured biologically inert using non-toxic plastic materials.
EXCEL® IV Container
Available in: 250 mL, 500 mL, 1000 mL
- Sturdy port system
- Clear label

PAB® (Partial Additive Bag)
Available in: 25 mL, 50 mL, 100 mL
- No overwrap
- Rigid port system
- Tamper-evident caps

E3® IV Container
Available in: 1000 mL 0.9% Sodium Chloride Injection
- No overwrap
- One-handed hanger tab
- 2D barcode
- Rounded shoulders
- Seamless design

TITAN XL™ Irrigation Container
Available in: 2000 mL, 3000 mL
- Innovative, convenient port system
- Tamper-evident injection site
- Highly transparent

Drug Delivery:
DUPLEX® Container
Available in: 500 mg and 1G Meropenem; 1G and 2G Cephalosporins
- Easy bedside activation
- No thawing or mixing procedures

PIC™ (Plastic Irrigation Container)
Available in: 500 mL, 1000 mL, 2000 mL, 4000 mL
- Lightweight
- No-drip lip
- Semi-rigid container
- Molded hand grip
- Double graduation scale
- Spikeable for overhead irrigation

Eliminate the risk of DEHP/plasticizer exposure while reducing the possibility of sub-therapeutic dose for drugs that are incompatible with PVC.
Pre-Mixed Drugs
- Heparin Sodium Injections
- Highly Concentrated Potassium Chloride Injection
- Lidocaine Hydrochloride and 5% Dextrose USP
- Theophylline in 5% Dextrose Injection USP
- Metronidazole Injection USP 500 mg (5 mg/mL)

Available Fluids
IV Solutions
- Sterile Water Injections
- Dextrose Injections
- Dextrose & Sodium Chloride Injections
- Lactated Ringer’s Injections
- Sodium Chloride Injections
- Potassium Chloride in Dextrose Injections
- Potassium Chloride in Dextrose & Sodium Chloride Injections

IV Solutions (cont.)
- Potassium Chloride in Sodium Chloride Injections
- Isolyte Multi-Electrolyte IV Solutions
- Mannitol Injections

Irrigation Solutions
- Sodium Chloride Irrigation
- Sterile Water for Irrigation
- Lactated Ringer’s Irrigation
- Ringer’s Irrigation

Urologic Irrigation Solutions
- Sorbitol Irrigation
- Glycine Irrigation
- Acetic Acid Irrigation
- Mannitol Irrigation
