1. Identification

1.1. Product identifier

Product Identity HESPAN®

Alternate Names HESPAN®

1.2. Relevant identified uses of the substance or mixture and uses advised against

Intended use See Technical Data Sheet.

Application Method See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet

Company Name B. Braun Medical Inc.
2525 McGaw Ave
Irvine, CA 92614

Emergency (800) 854-6851

Customer Service: B. Braun Medical Inc. (949) 660-2000

2. Hazard(s) identification

2.1. Classification of the substance or mixture

No applicable GHS categories.

2.2. Label elements

Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

No applicable GHS categories.

[Prevention]:

No GHS prevention statements

[Response]:

No GHS response statements

[Storage]:

No GHS storage statements

[Disposal]:

No GHS disposal statements

3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

Ingredient/Chemical Designations	Weight %	GHS Classification	Notes
Starch, 2-hydroxyethyl ether CAS Number: 0009005-27-0	75 - 100	Not Classified	[1]
Sodium chloride CAS Number: 0007647-14-5	10 - 25	Not Classified	[1]

In accordance with paragraph (i) of §1910.1200, the specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

[1] Substance classified with a health or environmental hazard.

[2] Substance with a workplace exposure limit.

[3] PBT-substance or vPvB-substance.

*The full texts of the phrases are shown in Section 16.

This SDS and its hazards pertain to the drug component only - the diluent is a nonhazardous mixture of dextrose and water.

4. First aid measures

4.1. Description of first aid measures

General

HESPAN is indicated in the treatment of hypovolemia when plasma volume expansion is desired. It is not a substitute for blood or plasma and is not inherently biologically active. Adverse effects from the occupational handling and use of HESPAN is very unlikely. If ingested and patient is conscious, induction of emesis may be indicated. Gastric lavage may be indicated if the patient is unconscious.

Inhalation

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

Eyes

Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

Skin

Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

Ingestion

If swallowed, immediately give two glasses of water and induce vomiting. Never give anything to an unconscious person. Call a physician.

4.2. Most important symptoms and effects, both acute and delayed

Overview

No hazards expected.

5. Fire-fighting measures

5.1. Extinguishing media

Water spray, dry chemical, carbon dioxide or foams as appropriate for surrounding fire and materials.

5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: No hazardous decomposition data available.

5.3. Advice for fire-fighters

This material is assumed to be combustible. As with all dry powders, it is advisable to ground mechanical equipment in contact with dry material to dissipate the potential buildup of static electricity.

As with all fires, evacuate personnel to a safe area. Firefighters should use self-contained breathing equipment and protective clothing.

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3. Methods and material for containment and cleaning up

Soak up with sawdust, sand, oil dry or other absorbent material.

7. Handling and storage

7.1. Precautions for safe handling

See section 2 for further details. - [Prevention]:

7.2. Conditions for safe storage, including any incompatibilities

Do not store or consume food, drink, or tobacco in areas where they may become contaminated with this material. Avoid excessive heat. Protect from freezing. Recommended storage at room temperature 25 deg C (77 deg F); however, brief exposure up to 40 deg C (104 deg F) does not adversely affect the product.

Exposure to prolonged adverse storage conditions may result in a change to a turbid deep brown or the formation of a crystalline precipitate.

Incompatible materials: No data available.

See section 2 for further details. - [Storage]:

7.3. Specific end use(s)

No data available.

8.2. Exposure controls

Respiratory

Wear an appropriate NIOSH/MSHA approved air purifying respirator or positive pressure air supplied respirator in situations where a respirator is judged appropriate.

Eyes

Wear safety glasses. Wear full face protection, when judged that the possibility exists for eye and face contact due to spraying/splashing of solutions.

Skin

Wear impervious clothing made from Neoprene or Tyvek, such as gloves, apron, boots, jumpsuit, or whole bodysuit, as appropriate. Rubber (use non-latex gloves if possible).

Engineering Controls

Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices

No special ventilation required. Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:
